Dear St. Joseph Families,

Call it a mission, call it a purpose, St. Joseph School is here for a reason and that is to bring the Good News daily into the lives of our students and staff.

By fulfilling both strong academics and spirituality, we are educating our children daily to live as Christ.

It is through His grace that we receive strength. By giving back, we will receive—and we do, because we are truly blessed here.

Where else but in a Catholic School are you surrounded daily by the Catholic faith?

This indeed has been a challenging year, but we have taken it head-on and continue to gain strength.

If you have yet to return the enrollment forms for 2021-2022, please do so soon.

If you are contemplating, please call me here at the school (989)-593-3400, and we can talk.

It is vital that our faith live and Gospel living continue.

Disciples of Christ,

Mrs. Patricia O'Mara
Principal
