

**Milk Form 2021-2022**

St. Joseph Families,

We will be implementing a new payment policy for the sale of **MILK** to our students. Milk will be available on a quarterly, semi-annual or annual payment basis. Milk will still be offered on Wednesdays as part of the Mom's Hot Lunch at no extra charge.

Milk will be \$15.00 per student per quarter, except for Young Fives. (See below.) Your student will choose white or chocolate milk for the entire quarter. If they wish to change it, they will need to indicate that for the next quarter.

Statements are going home with all students who have a credit on their account or owe money for this year's milk. Those who have a credit on their account may subtract that amount from their payment for milk for the 2021-22 school year.

**Please choose an option for your student(s) and remit payment to School Office.**
