Dear Parents:

As part of St. Joseph School's pest management program, pesticides are occasionally applied. You have the right to be informed prior to any pesticide application made to the school grounds and buildings.

Normally, applications are made when students are not in school. In certain emergencies, notes will be sent home with students and the entrance to school and area treated will be posted.

If you need prior notification, please complete the information below and return it to the school office immediately. You may also contact the school office at (989) 593-3400 if you have any questions regarding this letter.

Thank you,

Patricia O'Mara
Principal

Parent/Guardian Name: _____

Student(s) Name(s): _____

Street Address: _____ City _____ Zip _____

Phone #: Daytime: _____ Evening: _____

Please check one:

_____ I wish to be notified prior to scheduled pesticide treatment inside the building.
