

Good afternoon,

I wanted to introduce myself as St. Joseph's new Athletic Director and express my excitement for helping create new and exciting opportunities for the kids of St. Joseph to grow and learn through sports.

Athletics were very important to me when growing up (I played basketball for the Braves and basketball, cross country, and track for PW) and they have continued to play a role for me after school, with coaching and this new Athletic Director opportunity. I believe sports are a way for us to refine our God given talents, learn life lessons, and forge lifelong friendships, and I hope to make those opportunities available for every student here at St. Joe's.

In saying that, I have been in contact with the Director of the Lansing Area Catholic Youth League regarding girls' and boys' basketball for the 2021-22 season and I'm hoping to get an idea of how many student-athletes will be interested in playing this year. If your child is interested in playing basketball this year, please fill out the form below and return the bottom half to school, and we will start getting to work filling out teams. Also, if you're interested in coaching, it would be helpful for me to get an idea of that as well. Nothing is final, and I know that circumstances and interests change, but I'm hoping with this form, we can at least get an idea of our numbers for both student-athletes and coaches.

Please reach out to me if you have any questions or thoughts/ideas on how to make St. Joseph's athletics the best it can be!

Thank you!

Nathan Klein
