April 29, 2022

Dear St. Joseph School Parents,

Both May and June are looking to be memorable months. There are field trips taking place, graduations, Grandparents Day, programs and events. Please continue to check our website, Infinite Campus, classroom newsletters, and the Braves Bulletin for updated information.

After Friday, April 29th, the Friday rotation will no longer be taking place. Students will, however, continue to attend Mass at noon. It was our attempt to utilize Fridays as a way to help teachers collaborate; we appreciate the opportunity to offer this concept this year. We will be evaluating it over the next two months. It has been successful, however, we have received feedback that has impacted its viability. Thanks for your support of our efforts to bring more understanding and experiences of the Catholic faith to our student body and allow our students to stay current with their classwork or enjoy some additional free-time. In addition, our teachers were afforded time to complete planning, grading, and attending to the needs of their classroom.

Over the last year teachers and the school office have reached out to our student body and invited them to serve or lector at our school Masses. Sign-up sheets for daily readings and schedules can be found in the school office for those students wishing to participate; staff fill in where needed. We will continue to invite our children to participate; however, without our parents to encourage their child to come forward and volunteer, we can do little more than ask and encourage them.

Disciples of Christ,

Mrs. Patricia O'Mara

MISSION STATEMENT

“St. Joseph School, staff, parents, and parish family are committed to teaching quality, Christ-centered Catholic beliefs and values. Our uniqueness is displayed in our staff dedication, parental involvement, and community pride, which make St. Joseph a leader in academic excellence, social integration and appreciation.”
