The National Catholic Educational Association Information for Growth: Assessment of Children/Youth Religious Education (NCEA IFG: ACRE edition) is a reliable, tested tool for assessing Catholic religious education programs. Released in Fall 2013, NCEA IFG: ACRE edition intends to help Catholic educators and catechetical leaders evaluate local Catholic parish and school programs by gathering evidence of what particular groups of students know about Catholicism and how their lives reflect development as Christian disciples. In the Diocese of Grand Rapids our students are assessed in 5th grade, 8th grade, and 11th grade.

Like the Diocese of Grand Rapids Theology Curriculum Standards, the ACRE content questions cognitive faith knowledge according to the four pillars of the Catechism.

Pillar I: The Profession of Faith

Pillar II: The Celebration of the Christian Mystery (Liturgy and Sacraments)

Pillar III: Life in Christ

Pillar IV: Christian Prayer
